AND PAT**

NEW YORK, Oct. 10.—(Associated Press.) The case against Clifford Hayes, charged by the authorities of Somerset county, New Jersey, with the killing of the Rev. Edward Wheeler Hall and Mrs. Eleanor Mills, is strong enough, Prosecutor Beckman said late today, to warrant going to trial at any time. The prosecutor said he had several witnesses to substantiate the fantastic tale told by Raymond Schneider yesterday charging Hayes with the murder, but he would not say who these witnesses were.

It became known today that Schneider told five separate stories during the thirty-two hours he was questioned in the county Court house here. One by one the five stories were torn to pieces and shown by Schneider's own conflicting statements to be a tissue of lies. The fifth statement he signed, it was pointed out this afternoon that Hayes was sent to jail in Somersetville yesterday on the strength of Schneider's earlier statement, a statement which was later repudiated and discarded by his fifth statement, signed at 10:15 o'clock last night. Persons close to the prosecutor's office say the statements completely reversed many points in the earlier ones.

The only witnesses known to have been examined since the in-

HOLD TWO MORE FOR NEW JERSEY MURDER MYSTERY

(EXCLUSIVE DISPATCH.)

STATE BOSS MUST GO Richardson Will Oust Machine

(EXCLUSIVE DISPATCH.)
RIVERSIDE, Oct. 10.—Friend W. Richardson, Republican nominee for Governor, removed here today his pledge to the people of California that if elected he will stop wasteful state expenditures and effect a saving of millions of dollars through the elimination of waste, the introduction of efficient methods of government and the overthrow of the non-controlled state machine.

The Republican nominee sounded the keynote of his final campaign for election at a banquet in the Glenwood Mission Inn, given in honor of himself, Mrs. Richardson and the members of the Southern California Editorial Association by the directors of the Southern California Fair, which opened today.

The great dining hall of the picturesque Mission Inn was thronged with men and women eager to hear and see the man, who, without a political organization or the assistance of professional political workers, and without a campaign fund, broke the most powerful political machine in the history of California, and, when faced with the necessity for fighting with or surrendering to the boss of that machine, announced that one of his first acts as Governor will be to kick that boss out of state affairs.

Republicans and Democrats

(Continued on Third Page)

ROUGE STICK LENDS CLUE TO MURDER

The murder theory associated with the death of William Feteoff of San Francisco, whose body was discovered Sunday at the foot of a 200-foot cliff in Topanga Canyon, was given color yesterday by mysterious circumstances surrounding the fate of Feteoff.

While the conclusion was at first accepted by officials that the man was the victim of a plunge down the cliff in his automobile, a mysterious writing found on a fence near the scene, together with a bullet-hole which had pierced the fence near-by, persuaded a further investigation into the murder theory.

The words "William Feteoff was murdered here," apparently inscribed with a woman's lip stick, lend the mysterious aspect to the case that the authorities are unable to clear up.

Another Case of Mistaken Identity

REAL THRILL IN STREET Billion Added to Oil Stocks

(BY A. F. NIGHT WIRE.)
NEW YORK, Oct. 10.—Sensational gains in the prices of shares of companies in the Standard Oil group during the past week in response to the announcement of proposed stock dividends by two companies and rumors of such action by several more, have resulted in an appreciation of nearly \$1,000,000,000 in quoted values above the low prices of the year.

This remarkable increase, without precedent in the annals of Wall street, is the result of extensive speculation which has extended to shares of other oil companies and of concerns holding large corporate surpluses.

VALUES BOOSTED
Shares of the Standard Oil Company of New Jersey, at today's closing price of 23, show an increase of \$25,000,000. The market value of the Standard Oil of New York, at its high of today, showed an increase of \$275,000,000 above the low of the year, while Standard Oil of Indiana has added more than \$150,000,000 and Standard Oil of California \$140,000,000 to their quoted values.

All of the other thirty-three units which were split up by a decree of the United States Supreme Court in 1911, also show substantial increases in appreciation is the quoted value since that time, having increased \$1,000,000,000. Since the dissolution the various units have distributed more than \$1,000,000,000 in cash dividends, while the stock dividends, exclusive of those announced this year, have a market value of the stock at the time of the dissolution of \$1,000,000,000.

John D. Rockefeller is reported to have owned 30 per cent of the stock at the time of the dissolution. He is known to have disposed of a large part of his holdings to other members of his family, but had he held his original shares they would have increased approximately \$1,000,000,000 in eleven years, of which nearly \$400,000,000 would have been added this year.

Distribution of stock dividends is said to have been decided upon to forestall a tax on undivided surpluses, which is reported to be in contemplation by administration officials, to take care of the government deficit. Stock dividends already have been held not subject to taxation, as such, by the United States Supreme Court.

Standard Companies Enjoy Greatest Boom Ever and Prices Soar Skyward

(Continued on Third Page)

SIGN PROTOCOL, PAVE WAY FOR LASTING PEACE

(BY CABLE AND ASSOCIATED PRESS.)
MUDANIA, Oct. 10.—The armistice convention was signed here tonight at 11 o'clock. The representatives of all the powers concerned affixed their signatures to the revised protocol, which Gen. Harington had presented for acceptance to Ismet Pasha, and which the Nationalist delegates forwarded to the Ankara government for its decision.

Gen. Harington had informed Ismet Pasha that the convention embodied Great Britain's last word and that the other powers gave their unqualified support to the terms.

On his part, Ismet had replied that he hoped his government would accept the conditions set forth, and promised a reply by 5 o'clock in the evening. In the meantime, the British commander returned to Constantinople, where he remained until early this afternoon, proceeding back to Mudania on the Iron Duke to hear the Turkish decision.

The Turkish delegates were somewhat dismayed and disappointed over the turn of events in the past two days. The new attitude taken by France after the Paris conference puzzled them and they were amazed that French friendship, on which they counted as a main prop in the negotiations, did not yield the results they expected.

ISMET SCORES FRANCE
At the session of the conference Monday night, Ismet Pasha expressed dissatisfaction at the terms the Allies offered. He said to Gen. Harington, "But your new armistice convention is in contradiction to the assurances given to me by Gen. Charpy. The convention, instead of..."

JAPAN RATIFIES PACT

Washington Arms Conference Treaties Accepted by Tokyo; Harding Forces Jubilant

(BY GRAPTON WILCOX)
WASHINGTON, Oct. 10.—Official documents of ratification of the Washington Arms Conference treaties are now on the way to Washington from Tokyo, the Japanese government having given its embassy here full power to exchange ratifications in accordance with the terms of the treaties.

Thus, with the arrival of these documents in Washington, which is expected within a few days, Charge d'Affaires Saburi will be in a position to effect the last official act necessary, so far as Japan is concerned, to put the treaties into full operation.

The prompt action of Japan in ratifying the treaties has been most gratifying to the Harding administration, especially in view of the growing apprehension felt because of the delay being manifested by the French and Italian governments. Similar apprehension and annoyance has been noted in Japan, where public opinion has been prepared to see a far-reaching and immediate cut in national expenditures due to the naval reductions.

Suggestions have been made in Japan, as well as in the United States, that the naval treaty and the so-called four-power Pacific pact should be rewritten if France and Italy continue in their policy of delay, so that the treaties would be restricted to Great Britain, the United States and Japan. This would mean the exclusion of both France and Italy, from the naval treaty and the exclusion of France or Italy would launch upon an extensive program of capital ship-building.

AMERICAN SLANG TOPPIN', SAYS PEER

(EXCLUSIVE DISPATCH.)
CHICAGO, Oct. 10.—"My word!" exclaimed Lord Mountbatten, 29-year-old British peer, world traveler, cousin and boon companion of the Prince of Wales, as he glanced out of the window of his private car upon arrival in Chicago today.

"My word, what a beautiful London fog you have here! Was this arranged to make us feel at home? American ingenuity! What?"

Lord Mountbatten, with his bride of a few weeks, who was Miss Edwina Ashley, niece of Lord Ernest Cassel and England's richest heiress, accompanied by Col. R. M. Thompson of New York, head of the Navy League; Col. Thompson's sister and niece, arrived here this way to Los Angeles and departed later tonight. The young English couple are on their honeymoon.

Lord and Lady Mountbatten

Lord Mountbatten and Bride Leave Chicago on Way to Los Angeles

(EXCLUSIVE DISPATCH.)
CHICAGO, Oct. 10.—"My word!" exclaimed Lord Mountbatten, 29-year-old British peer, world traveler, cousin and boon companion of the Prince of Wales, as he glanced out of the window of his private car upon arrival in Chicago today.

"My word, what a beautiful London fog you have here! Was this arranged to make us feel at home? American ingenuity! What?"

Lord Mountbatten, with his bride of a few weeks, who was Miss Edwina Ashley, niece of Lord Ernest Cassel and England's richest heiress, accompanied by Col. R. M. Thompson of New York, head of the Navy League; Col. Thompson's sister and niece, arrived here this way to Los Angeles and departed later tonight. The young English couple are on their honeymoon.

AMERICAN SLANG TOPPIN'
When told by reporters that he had made a name for himself as an introducer of new slang phrases by his remark to Judge Landis that the crowd "were handing him the bird," the young Englishman replied:

"American slang, you know, is rich. Toppin', I call it. I heard a good one at a dance the other day. A chap asked my wife if she could 'park his chin on her shoulder,' meaning could he have the next dance. Very good, what?"

"What does your husband think of America's girls?" was asked of Lord Mountbatten.

STOP KNIFING, TIP TO HIRAM

Campaign at Expense of State Ticket Opposed

Leaders Remind Senator to Stick by Party

Warn Against Repetition of Hughes Episode

(EXCLUSIVE DISPATCH)
WASHINGTON, Oct. 10.—Word has been sent from Washington to the managers of Hiram Johnson's Senatorial campaign that the reported efforts to concentrate on the election of Johnson at the expense of other candidates on the State ticket is suicidal and must be corrected at once. Reports have been reaching Washington from different sources that those charged with the responsibility of re-electing Johnson were ignoring all other party obligations and apparently were unmindful that Republicans named at the primaries for other State offices were to be elected in November.

Definite details of neglect and open hostility were reported from sections of the State and apparently this method of campaign was about to be adopted as a general policy when some of Johnson's advisers who still hope that he will be at least mentioned in a national way in the Republican party called a halt on such a ridiculous method of venting political spleen.

HUGHES EPISODE

These last-ditch friends of Johnson pointed out that the country has never forgotten the California massacre of Hughes and that time may efface some of the resentment for such a reversal of form as was exhibited in the comparative figures of Johnson and Hughes but that the Republican voters of the country would never in a million years forgive another equally inexplicable election of a Senator running as a Republican with an equally significant massacre of a Republican State ticket nominated at the same time.

Fearful that even the pitiable remnant of Johnson as a national factor in the Republican party would be entirely and completely blotted out by another Johnson-Hughes episode the word has been wired out to stop backing the party and put over entire Republican ticket with big majorities or forget the glamour of a national prominence for all time to come.

As much as all the Republican politicians have already marked down Johnson's possibilities because of his poor showing in the California primary such a warning at this time has been a jolt to the Johnson advisers who thought that everlasting glory awaited them if they could put over Johnson with tremendous returns even if the rest of the ticket sagged far behind or fell by the wayside.

RICHARDSON TO OUST MACHINE

(Continued from First Page)

alike acclaimed his straightforward assurance that "every statement I made to the people in the primary campaign I stand by now and will stand by if I am elected Governor."

WILL CUT BUDGET

Referring to his preliminary guarantee that, if elected, he would save the people of the State \$115,000,000 based on the rate of increase of State costs under the Richardson administration, Mr. Richardson said that he could and would be able to curtail increase in the governmental cost to this extent and that in addition, as he guaranteed before the primary, he will submit a biennial budget to the Legislature in January calling for a reduction from \$12,000,000 to \$10,000,000 below the last biennial budget of \$11,000,000.

"I will meet real saving through the elimination of waste, the introduction of business methods in the State procedure and the cutting of all unnecessary jobs and activities," he said.

In his next sentence Mr. Richardson plainly indicated, however, that his contemplated governmental reforms will be strictly according to business procedure and will not call for the punishment of any political foes or the rewarding of any of his friends and supporters.

"Where I find efficiency," he said, "I will recognize it and welcome it. Where I find State of affairs and employees doing efficient and necessary work, they will have no cause for worry. I will be sure to recognize where people are holding positions solely for political reasons. These must go."

"I shall decide every question on its merits," he continued, "without regard to political advancement. Having no higher ambition than to be Governor of California, I will not give heed to personal political considerations."

"I will kick out of power the present political machine," he said, "and substitute business for politics in State government, abolish unnecessary offices and commissions, restore efficiency to various departments, build up highway construction in the hands of skilled road builders, attend promptly to the needs of the office, and while meeting the necessary needs of the State save the people millions of dollars."

FAVORS SOLDIER AID

Announcing himself in favor of soldier aid legislation and the passage of laws providing for the loaning of money to war veterans for the purchase of homes, Mr. Richardson declared himself strongly in favor of supporting all educational functions of the State.

"The education of the youth of the State," he said, "is a matter of the greatest importance, and California ranks high in education. I shall endeavor to have it rank higher."

"Education," he said as those who heard him cheered his words, "should not be confined to books and learning, but should embrace good morals, intelligent and unselfish citizenship, thrift and loyalty to the national ideals of America."

Referring to himself as a lifelong and consistent "dry," Mr. Richardson evoked enthusiastic shouts of approval and eager cheers when he said:

"The Constitution of the United States and acts of Congress have outlawed the liquor traffic. Any modification of the law governing the manufacture and sale of liquor must be made by Congress and approved by the United States Supreme Court."

"The Governor of California has no power to give any one light wine or beer or other alcoholic beverages, light or heavy. On the other hand, the Governor is sworn to support the law."

Speakers who preceded Mr. Richardson lauded his long day for economy in governmental affairs of the State, paid tribute to him as citizen, journalist, public officer and predicted for California, under his gubernatorial administration, a happy period of progress and prosperity.

J. D. Gabbert, editor of the Riverside Enterprise, Southern California manager of the Newspaper Men's Richardson-for-Governor Committee, served as toastmaster and spoke briefly of the work done for the gubernatorial nominee by the more than 200 country dairies and weeklies that supported Mr. Richardson's candidacy in the primary.

CABINET WILL TAKE STUMP

Harding Not to Participate in Campaign

Speech-Making Tours to be Made by Secretaries

Retention of Republicans in Senate, House is Aim

(BY A. P. NIGHT WIRE)

WASHINGTON, Oct. 10.—Although President Harding is making no plans to take a personal part in the political campaign, virtually every member of his Cabinet, according to statements today, will take the stump between now and election day to ask for the return of a Republican Senate and House.

Extensive trips are in prospect for several members of the President's official family, whose speech-making tours will cover nearly every section of the country. The effort, it appears, however, will center in the East, New England and the Middle West, but some speeches will be made in other parts of the nation, according to present plans.

The President's friends say he has no intention of going personally to the country for an endorsement of the Republican administration. Although he is participating in campaign councils, his associates say, he is not likely either to make any partisan speeches or issue any statements asking for election of Republicans. His views are represented as coinciding with those of his party managers who are active in the leading of party appeals from the White House.

CABINET TO "STUMP"

The Cabinet, however, with the single exception of Secretary Mellon, is expected to do its share through speech making in November. Few of the department heads made fixed speaking engagements but all have arranged to be away from Washington or in a position to assist the returning party spell binders at the peak of the battle in late October and the first days of November. Some dates and tours have been tentatively arranged and will be announced, it was said, as soon as a complete perspective of the situation can be had by the party chiefs who will determine where Cabinet speakers are most needed.

The only definite speaking dates made so far by Secretary Hughes is at Boston, where he is to speak on the 11th inst. In addition to a full list of candidates for House seats, Senator Lodge, the Republican leader in the Senate, and chairman of the powerful Foreign Relations Committee, is a candidate for re-election and it may be supposed that Mr. Hughes, in his Boston address, will touch upon the administration's foreign policies.

A statement has been forthcoming on that subject, however, in advance of the State Department head's actual entry into the campaign.

WEEKS TO SPEAK

Secretary Weeks will precede Mr. Hughes in Massachusetts, having accepted an invitation to speak in Boston on the 14th inst. Atty.-Gen. Daugherty has definitely planned only two platform appearances during the campaign—Chicago on the 20th inst. and Canton, O., on the 21st inst. It is said, however, that undoubtedly the Attorney-General will make other speeches with the probability of a further stumping trip in Ohio and Michigan.

No fixed dates have been announced by Secretary Denby, but he is to leave Washington tomorrow for Detroit to attend the Pulitzer races, and a brief participation in the campaign in his home State is expected.

The Navy Department head plans also to make a tour of inspection of the Boston and Portsmouth navy yards in about two weeks. This trip, it is said, probably will include several campaign speeches, but Mr. Denby has definitely accepted no invitations.

The state of Secretary Hoover's health requires that his contemplated tour be shortened. It was announced today. His physician has ordered that he limit his campaign tour through the Middle West to speeches at Toledo, on the 14th inst. and Rapid, on the 17th inst. and Detroit, on the 18th inst.

DAVIS PLANS TOUR

Trips farther into the West are contemplated for Secretaries Davis and Wallace, the former having accepted engagements to go to the Pacific Coast. His tour, it was said, probably will include all three of the western States, but details of the program are not available.

The Agriculture Department Secretary will make a speaking trip at the request of the Republican and Congressional Committee which will include speeches at Columbus, O., on the 18th inst.; Cincinnati, on the 19th inst.; Frankfort, Ind., on the 21st inst., and St. Louis, on the 23rd inst. Between 24th and 27th inst. Secretary Wallace will be in Kansas and Nebraska, finishing the campaign in Michigan on the 30th and 31st insts.

Secretary Fall, who already has left Washington for his home in New Mexico, will participate in the campaign only to a limited extent and in the intermountain district. No schedule has been outlined for Postmaster-General Work, although it is said he probably will make several speeches.

MRS. BRUNEN WILL GO TO TRIAL SOON

(EXCLUSIVE DISPATCH)

MT. HOLLY (N. J.), Oct. 10.—Mrs. Doris Brunen, accused with Charles M. Powell and with her brother, Harry C. Mohr, of slaying John T. Brunen, was arraigned here today. She pleaded not guilty and her trial was fixed for December 11.

Powell is alleged to have admitted he killed Brunen and received money from Mohr. Mistreatment of Mrs. Brunen by Brunen is asserted to have been the leading motive for the crime. The accused confederates will be tried later.

How To Make Your Wrinkles Disappear

Do not make the mistake of supposing that your wrinkles are permanent. They are not caused by age, but by wasted tissues under the surface skin. OPAZEL, the new discovery of Dr. Guy Otis Brewster, the noted skin specialist, eradicates wrinkles by removing the cause.

OPAZEL acts directly on the circulation of the blood and the operation of the sweat ducts and oil glands in the under skin, restoring them to their normal, youthful condition. When this is done, the shrunken tissues fill out, the skin becomes smooth and velvety, wrinkles disappear, and the pink and white complexion of youth and health returns. If you have wrinkles, use OPAZEL for a short time, and watch the truly wonderful result.

If you suffer from any other skin trouble, such as acne, eczema, pimples, blotches or red, rough unsightly skin, OPAZEL will give you prompt relief, restoring the clear, smooth skin and radiant pink and white complexion of youth.

OPAZEL is prepared in the form of a dainty, fragrant, delectable cream. Art Pottery Jar, sufficient for one month's treatment, \$2.

SWEDEN INVITES YANK ATHLETES

(BY A. P. NIGHT WIRE.)
NEW YORK, Oct. 10. — American track and field athletes will have an opportunity to compete in Sweden next summer if the invitation received by the Amateur Athletic Union today is accepted. The Swedish Athletic association notified A. A. U. officials that a set of international games will be held at Gothenburg July 1 to 15 to commemorate the 50th anniversary of the establishment of that city.

TIGERS AND ANGELS IN EXHIBITION

Sport Carnival to Aid Dependents of Argonaut Mine Disaster

Los Angeles and Vernon will play an exhibition baseball game at Washington Park on Tuesday, October 17, for the benefit of the widows and orphans of the miners who lost their lives in the Argonaut disaster.

The idea was first suggested by Bill Lane, owner of the Salt Lake club, who some years ago was a miner himself. President Patrick and President Maier readily acceded to the plan, and donated their teams for the occasion. Regular Coast League prices will prevail, and it will be a 100 per cent benefit.

EX-ANGEL CATCHER IS ON A VISIT HERE

Walter Boles, former Angel catcher, was a visitor at Washington Park yesterday during the Angels-Tigers game. Boles has been playing ball in one of the California leagues since he left the Angels. He is in excellent health and never looked better in his life.

MUDDLE ABOUT RULES CLEARED

Grid Rulings Interpreted by High Officials

Two Tanbark Regulations Causing Trouble

"Try for Point" Adds Pop to Gridiron Game

(BY A. P. NIGHT WIRE.)
NEW YORK, Oct. 10. — Football officials in games played throughout the country have given conflicting interpretations of the two important changes in the rules, inaugurated this year, one of which changes radically the scoring system of the game, that the rules committee of the American Intercollegiate Football Association today issued a statement in an attempt to clear the situation.

Most of the trouble is over the new rule X, which was designed to change the play after a touch-down is made from a try for a goal from a place kick to a "try for point" through one of three methods. Some teams, electing to

"try for point" by kicking goal, have claimed the point when the kick failed, but one of their men recovered the ball and rushed it behind the opposing line.

NO CONVERSION

In some instances referees and other officials have erroneously upheld the contention, E. K. Hall, chairman of the rules committee, said, in issuing the statement. Mr. Hall pointed out that a team having chosen to "try for point" by kicking, lost when the kick failed and the instant it did fail, the play automatically was ended. The new rule, he added, does not permit the conversion of a play.

The remainder of the confusion is over the new rule regarding substitutes (rule 111, section 2) which provides that "a player who has been withdrawn from the game at any time during the second half. A player withdrawn during the second half may not return to the game."

Concerning it, Mr. Hall's statement says:

"While this rule does not in terms refer to a player who finished the first half, but was withdrawn during the intermission between the two halves, the purpose of the rule is clear and there is no reason why such a player should not be permitted to return to the game any time in the second half."

SAC CINCH CHANGE

TO LAND IN CELLAR

(BY A. P. NIGHT WIRE.)
PORTLAND, Oct. 10. — The Beavers made themselves mathematically certain of seventh place by beating Sacramento today, 6 to 1.

Yarrison outpitched Frough by a wide margin, and the game was the shortest of the season here, taking only one hour and fifteen minutes. The Beavers now have a margin of seven and one-half games over Sacramento, and could lose all their remaining games and still be out of the cellar.

EDITOR AFTER TUFTS' SCALP

Typewriter Pilot Thinks Ed is Dictatorial

Says a New Leader is Needed in Golf World

However, Genial Ed Needn't be Worried

(BY PAUL LOWRY)
With the annual election of officers of the Southern California Golf Association but a month away, the editor of a local golf periodical has fired the opening gun in a war which has as its objective the dethroning of Edward B. Tufts as president of the S.C.G.A.

In an editorial devoted to the matter Tufts is hailed as a czar, his policies are attacked, and his retirement as president of the southern governing body, a position which he has held and administered successfully for the past six years, is demanded.

THE CHARGES

It is charged that Tufts is a dictator and that a man who will

JESS IS STILL WAITING

Jess Willard is working out at Hollywood preparing for his tour of the Northwest. Willard feels confident that Dempsey is going to be forced to meet him. The way conditions are shaping in the East, there is a big demand that Dempsey defend his title against some one and not remain idle as he has for over fifteen months. Dempsey is now working over the Pantages Circuit. He started in Montreal, Can., last Sunday, and is working his way West. There is a rumor in circulation that the champion needs cash and he must do something.

"Jess Willard stands ready to meet him in the spring. Tex Rickard is willing to promote the bout and Dempsey stands a good chance of making close to \$400,000. If he is sincere he will take advantage of the opportunity to meet Willard, and if he isn't he will keep on the way he has been doing by dodging the man he won the title from," said Gene Doyle.

CONFERENCE ROW STARTS

Lily White Colleges Off in Cloud of Purity

New Rules Very Painful to Redlands Squad

Stanton Thinks Whittier is Far Too Good

Now that the smoke from practice tilts and impromptu scrimmages has cleared away, Southland grid enthusiasts are turning their interest toward the opening of the Southern California conference season next Saturday. S.H.U.C. is scheduled to hook up with Coach Guy Daniel's crew at Redlands, in an affair which promises to assume a torrid nature. The Cubs are without question appreciably stronger than they were last year, and on the other hand it's no secret that Redlands, hard hit by recent changes in the conference eligibility rulings cannot hope to out the figure they did last season. Probably the classiest affair of the day, however, will be the Caltech-Whittier fracas, slated for 1:30 at Tournament Park, Pasadena.

ADVANCE DOPE

Perhaps it is unwise in predicting the possible outcome of the Pasadena tilt to lay any degree of emphasis on the results of the early season scrimmages indulged in by the two schools. But at this time it is these statistics that must indicate the strength of both Caltech and Whittier. The Foothill last week met and decisively defeated the strong Sherman Indian team. Up to two years ago the Indians had at no time brought great glory to their institution in the way of gridiron triumphs, but at that time Benjie Pierce, Caltech star, took over the tutelage of the Sherman candidates and today conditions are entirely different. The Sherman team this year is strong, and the Quaker's decisive win over them last Saturday indicates that Whittier is again to be whittled by feared by all of the conference eleven.

The Engineers last week defeated the gobs from the U.S.S. Texas. Their defeat of the sailors, however, was by no means decisive or as complete as Whittier's triumph over the Indians. The Texas, two weeks ago, was mauled all over the lot by the New York, and in fact looked last Saturday like worse than no team at all. The victory boasted by Stanton's crew, however, showed a margin of 13 points. If the Fox hopes to even hold Whittier to a respectable score, he must drive his men to the limit all this week. His backfield continues to improve, and although light, looks fair. His line, however, instead of having shown improvement, seems to have lost what little drive they had a week ago. His forward wall may only be heralded as of the most mediocre caliber.

At all odds, and whether Suggs and Thompson, who are supposedly ineligible, grace Whittier's line-up or not, the Engineers are

(Continued on Second Page)

WILDCATS ARE A MEATY CREW

Arizona Boys Have Big Advantage in Weight

Line-up for Saturday Given Out by Mentors

Most of Visitor's Men Are Experienced

As Coach "Gloomy Gus" Henderson drills the rudiments of holding the pigskin into the hardened heads of the Trojan football players at the University of Southern California, the rest of the world is still progressing. Gus doesn't seem to know it, but he's so, and yesterday he woke up with an awful start, when the line-up for the Arizona team, which is scheduled to play Saturday on the "Trojan" field, was announced. Henderson was expecting a lot of competition when he planned the game against the "Wildcats," but he didn't expect to meet a team which averaged 175 pounds to the man, with a line that is nearly uniform in weight.

U.S.C. has a good line, according to the dope which has been spilled at various times, but the kicking department of the backfield looks miserably weak to Gus and his constituents. The line-up which he started in the Foothill game is liable to have a chance to play again next Saturday with the only change being that Callahan will start at center. Boyce and Pythian will trade off at end, while Milton will probably be able to handle the other flank. Cunningham seems to be slated to fill the discrepancy which was made by Johnny Boyle when he was knocked out of the job of tackle on the Trojan team, by a broken knee.

Arizona is looming large on the horizon, at least on Gus's horizon. Left guards like Darkley, who have had three years' experience on the team, and weigh 285 pounds, are as scarce as hen's teeth at a fappers' ball, according to Gloomy, and men who can kick like Hobbs and have as much experience are worth their weight in gold.

Altogether, the Wildcats have the Trojan mentor on the mental umph over the Indians. The Texas, two weeks ago, was mauled all over the lot by the New York, and in fact looked last Saturday like worse than no team at all. The victory boasted by Stanton's crew, however, showed a margin of 13 points. If the Fox hopes to even hold Whittier to a respectable score, he must drive his men to the limit all this week. His backfield continues to improve, and although light, looks fair. His line, however, instead of having shown improvement, seems to have lost what little drive they had a week ago. His forward wall may only be heralded as of the most mediocre caliber.

At all odds, and whether Suggs and Thompson, who are supposedly ineligible, grace Whittier's line-up or not, the Engineers are

Squad Shows Up Well Minus
Rabbit Bradshaw

(MURPHY WIRE.)

RENO (Nev.) Oct. 10.—By
sending the strong St. Mary's
football eleven home with a 21-11
defeat, the Nevada varsity last
Saturday successfully answered
the question that has been upper-
most in the minds of all Pacific
Coast football fans since the sea-
son began: "What will Nevada's
team be without Rabbit Bradshaw?"

The largest crowd ever gathered
at Mackay field for an early sea-
son game went away content in
the knowledge that if anything,
Nevada's Wolf Pack was stronger
than ever. True, it was not as
spectacular as there were few plays
that brought the rosters to their
feet in unanimous acclaim; but,
by line plunges, effective smashes
and an occasional end hole, the
Nevadans plunged steadily down
the field to victory. And it was an
evenness team that made victory
possible.

BLACK STARS
Captain "Bonesaw" Black, St.
Mary's 215-pound quarterback,
was the outstanding star for the
victors. His ability to solve Ne-
vada's plays was almost unguess-
able, and several times he broke through
the line, throwing the man carry-
ing the ball for a substantial
loss. It was Black, too, that was
directly responsible for the Cal-
ifornia's thirteen points; six of
which were gained by a pair of
place kicks from difficult angles,
the remainder by a perfect for-
ward pass from Black to Mordock,
the Saints' left end, who carried
the ball over unopposed.

Nevada's line showed the re-
sult of Line Coach Shaw's careful
training, and was an effective bar-
rier to much ground-gaining on
the part of the Californians. On
the offensive, the line soon found
the weak spots in St. Mary's de-
fense and opened great holes
through which Church, Nevada's
quarter, repeatedly sent his backs
for heavy gains.

PLAY OPEN GAME
During the last quarter the
visitors played an open game in
a final attempt for victory. Black
called pass after pass, but a Ne-
vada man was usually on hand to
spoil them; of the few that were
completed, the man on the re-
volving end was inevitably downed in
his tracks.

Coach "Corky" Courtwright was
on the whole, much pleased with
the game. He stated that though
there was still plenty of room for
improvement that the men did
very well for this early in the
season, and that the game gave
them plenty of practice in defen-
sive work, which they badly
needed.

OXY NEWS
Nevada's next opponent will be
Occidental College, Los Angeles,
whom she will meet on Mackay
field next Saturday afternoon. Not
much is known of the southerners,
beyond the fact that they gener-
ally put a strong emphasis on the
line and will undoubtedly give the
local team plenty of competition.
The following week Nevada is
scheduled to meet the University
of Southern California on her
home turf, and the Wolf Pack is
determined to avenge the 21-11 de-
feat that "Glimmer Guy" Henderson's
men handed out when the
rival teams last met, two years
ago.

This image shows the fore-edge of a thick, old book. The pages are numerous, tightly packed, and have a dark, aged appearance. The binding is visible on the left side, showing some wear and the structure of the spine. The overall image is high-contrast, with deep blacks and bright whites, emphasizing the texture and form of the book.

Mrs. Sarah Lamb

How's Your Blood?
Do You Need a Tonic?

Help the blood to keep you well. East Bakersfield, Cal.—"Dr. Pierce's Golden Medical Discovery is the best tonic and blood purifier I have ever taken. I have taken and have used 'Golden Medical Discovery' in my family for many years. I find it excellent for coughs, colds and as a blood purifier and Spring tonic. Whenever I become run down or have a tired and worn-out feeling, I take the 'Discovery' and it builds me right up and gives me new life. 'Golden Medical Discovery' is a very essential family medicine and can be relied upon."—Mrs. Sarah Lamb, 1008 Pacific St.

Obtain the Discovery in tablets or liquid from your nearest drugist or send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.—(Advertisement.)

MOTHER!

Move Child's Bowels with
"California Fig Syrup"

Even a sick child loves the "Fruit" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a tablespoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on the wrapper. You must get "California" or you may get an imitation fig syrup.—(Advertisement.)

EVACUATION DATE FIXED

Japanese Troops Leave Kiach
Chow December 2

Terms of Washington Treaty
to be Observed

Chinese Nation to Refund
All Investments

(BY CARL AND ASSOCIATED PRESS)
TSINGTAO (Shantung) Oct. 10.—Japan has decided to restore the leasehold of Kiaochow to China December 2. On that date Japanese troops will withdraw, civil and military authority in the Kiaochow district will be handed over to China and the Chinese flag will be hoisted for the first time since Germany acquired the territory in 1914.

The fixing of the definite date for the restoration of Kiaochow was announced today by the Japanese members of the Shantung commission, which was appointed to work out the details of the evacuation as provided in the treaty between Japan and China, signed at Washington in 1919.

This will end the international controversy which began when Germany established a naval base twenty years ago and which later figured in the diplomatic affairs of Paris and Washington.

ADHERE TO TREATY
China's bankruptcy will not be permitted to interfere with the restoration program. Kasumi Dabuchi, member of the Shantung commission, and formerly minister of the Japanese delegation at Washington, said:

"Japan intends to adhere to the letter and the spirit of the Shantung treaty signed at Washington. Nothing will be permitted to interfere with the turning over of Kiaochow to China on December 2."

The amounts which China must pay for Japanese investments in the district have been virtually decided upon. Dabuchi said Japan will exact only what Japan paid to Germany for private German investments in the district. Japan actually invested since 1914. It is expected that Japan will accept Chinese treasury notes as China will receive free all public properties which Japan acquired from the German government.

The commission decided China must pay 10,000,000 yen for Japanese investments in public improvements, 8,000,000 yen for improvements made in the salt industry of Kiaochow, and 15,000,000 yen for the Shantung Railroad, a grand total of 33,000,000 yen.

JOINT OPERATION
The coal mines, which are valued at 10,000,000 yen, are to be operated jointly by the Japanese and Chinese, a corporation for which is to be organized.

Under the treaty it would not have been necessary for Japan to have restored the railroad to China until next March. The Japanese delegates say, however, that the empire is anxious to relinquish the railroad by December 2, so that Japan will be relieved of all responsibility in Shantung on the same date.

Despite the prospective withdrawal of the Japanese, Shantung which is a typical modern German city, is undergoing a big boom. Hundreds of Japanese houses of the German style of architecture are being constructed. Japanese industries expect to be unaffected under the Chinese administration.

**INVESTIGATION BEGUN
INTO MAN'S ARREST**

(BY A. P. MORT WIRE)
SAN FRANCISCO, Oct. 10.—A supposed statement by Wallace Bright, a clerk of the State Railroad Commission, that he caused the arrest of George H. Lewis, an innocent man, on a charge of robbery, and later testified against him in Police Court, is being investigated by Dist. Atty. Brady today with a view to grand jury action against Bright. Bright has repudiated the statement, according to a statement from Brady's office.

NOTAS CASMUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos del Times que estudian esa lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Un conocimiento práctico del español es de grandísima utilidad en este país, especialmente en el surco; como lo demuestra el hecho de que en Los Angeles solamente, hay más de 15,000 personas que estudian ese idioma con profesores oficiales o particulares. Para esos estudiantes será un buen ejercicio leer todos los días esta sección, donde encontrarán las palabras y frases más usuales del lenguaje español.

NOTAS TELEGRAFICAS

Noticias de Washington
WASHINGTON, octubre 10.—Viene en camino la ratificación japonesa del tratado de la conferencia de Washington. Los japoneses causados por la larga demora de Francia e Italia dieron lugar a sugerencias de que los japoneses sugirieran a los Estados Unidos que se volvieran a redactar, incluyendo tan sólo a los Estados Unidos, la Gran Bretaña y el Japón.

El presidente ha nombrado a la comisión que ha de estudiar los hechos concernientes al carbón; los miembros de ella son: John Hays Hammond, Thomas R. Marshall; el juez Samuel Alchuler, de Chicago; Charles H. Brown, de St. Louis; y el Dr. E. T. Devine.

Esto ha recibido oficialmente protestas de los gobiernos extranjeros contra el decreto de Daugherly que prohíbe los barcos abarrotados de carbón. Se espera pronto una acción legal iniciada por la Gran Bretaña.

El gobernador de Illinois, Thomas H. Ladd, ha sido nombrado a la comisión de Pesca y Caza, a fin de surtir los ríos de dicha población fronteriza.

Legion May be Asked to Vote on Beer Issue

(BY A. P. MORT WIRE)
NEW ORLEANS (La.) Oct. 10.—Light wine and beer will in all probability be made an issue before the fourth national convention of the American Legion, which opens here October 15.

This was the gist of information reaching the Associated Press tonight from sources in close touch with the convention issue.

The national convention of the Legion, here in advance of the convention, expressed doubt as to whether the light wine and beer would be made an issue at the convention. Delegates, however, were inclined to think that the possibilities of a resolution on the subject being brought before the convention were more favorable than they had been at any previous convention.

STATUS OF PRESS TO BE DISCUSSED

NEWSPAPER EDITORS' SOCIETY PLANS DINNER AT MEETING IN CAPITAL

(BY A. P. MORT WIRE)
CLEVELAND (O.) Oct. 10.—Plans for discussion at a dinner in Washington on April 21 of the newspaper in its relation to public affairs by men of national and international reputation were announced at a meeting of the board of directors of the American Society of Newspaper Editors, held here today.

The dinner will mark the close of the annual meeting of the society, which the board today voted to hold in Washington, April 20 and 21.

NOTAS LOCALES
Ladrón de Banco que Golpea al Piso del Juzgado

William H. McFee, de 70 años de edad, que fue guarda de un banco, y cumple un San Quintín, una sentencia de diez años de prisión, fue sometido ayer todo el día a un interrogatorio por los fiscales de la corte superior. El Sr. McFee, en el proceso de la Sra. Annette Flaherty, que se está viendo en el Juzgado del juez Schenk, habiéndose negado por término del día, en el que se habían cruzado muchos jurados, entre el tribunal y el testigo preso, durante las cuales este golpeaba colérico el suelo con un pedazo batido, al acusar a McFee por su actitud.

El C-2 Regresa a su Casa

Después de haber revisado escrupulosamente sus motores, y haber cometido cada una de sus partes a severas pruebas, desde la llegada a esta del dirigible del ejército C-2 el 24 de septiembre, después de un vuelo transcontinental, partió del Campo Roma, en Arcadia, la referida aeronave, ayer a las 3:30 p.m., en viaje de regreso a Langley Field, Virginia.

El Itinerario de la Vuelta, sujeta a los cambios que el tiempo exija, será aproximadamente el mismo que siguió el aeroplano al venir rumbo al oeste. La primera parada será en Nueva Arizona, a donde probablemente llegará hoy como a las 11 a.m. Las otras paradas que piensan hacer son: El Paso y San Antonio, Texas; Belleville, Illinois; y Langley Field, Virginia.

Phoenix Abandona la Persecución del Sospechoso

Hoy se supo aquí que la encuesta del asesinato de Dernier volvió a su estado de letargo. De varias fuentes oficiales nos llega el siguiente veredicto: que se ha desvanecido toda esperanza de revivir el llamado misterio. Los médicos forenses lo han estudiado, pero no han encontrado remedio alguno para despertar a este caso del coma. Probablemente se le permitirá dormir en paz por algún tiempo, haciendo bien poco esfuerzo para que mantenga una chispa de vida; luego, se le dejará morir y será olvidado para siempre.

En las cinco semanas que han transcurrido desde que el cuerpo de Guy M. Dernier, en ropas menores, fue encontrado flotando boca abajo en una acueducto de riesgo, la encuesta no ha revivido sino una vez, cuando el cuerpo fue encontrado en la subsecuente gran publicidad que se dio al asesinato de Dernier.

Arriba Nuevitos Amigos de Hacia Española

En la Escuela Superior de Burbank habrá por la noche clases para los que quieren hacer cursos olvidados de los Estados Unidos. En estas clases pueden prepararse los candidatos para los exámenes del gobierno para obtener sus papeles de naturalización.

Habrán también clases para los que quieren estudiar el arte de cocina y de costura.

Para más informes, sírvanse venir entre las dos y las cuatro a la tarde a interrogar al director de la Escuela Superior de Burbank, el Señor F. Stillwell Moore.

DEPORTES
Los Angeles derrotó a Vernon ayer en el juego de apertura del parque Washington, por 3 a 2. La contienda, que fue un duelo entre los jugadores Glider y Lyons, llegó a catástrofe cuando Los Angeles adelantaron medio juego más a los Tigres, a virtud de la derrota

Have Color In Cheeks

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid, tongue coated—apple pits poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.—(Advertisement.)

DAILY TRADE TALK

I.B.A. Officials Hit Water and Power Bill; Irrigation,
Foreign Bonds Discussed

BY CHAPIN HALE
(EXCLUSIVE DISPATCH)

DEL MONTE, Oct. 10. — The board of governors of the Investment Bankers' Association of America is now on record as opposed to the California Water and Power Act through which it is proposed to saddle an indebtedness of \$500,000,000 upon the people of the State. The language of the resolution, which is contained in the report of the committee on public service securities to the convention in session here, follows:

"Now, therefore, be it resolved by the board of governors of the Investment Bankers' Association of America, that it looks with grave concern upon the proposed amendment as threatening not only the destruction of the credit of existing private-owned hydroelectric power and light utilities built up within the State of California by the combined capital of a multitude of investors residing throughout the United States who have been induced by the wise laws and sane regulations heretofore existing to invest their savings in the development of California's natural resources, but even the destruction of the credit of the State of California itself."

The report of the committee containing the unequivocal clause of repudiation was made a special order of business for the convention session Wednesday morning, when there will be a discussion of the measure, ending, according to the best advice obtainable, in the adoption of the report. An unsuccessful effort has been made to keep this highly dynamic subject in the background, lest the convention be involved in a political controversy of possible misunderstanding. On the same program will also occur the deferred discussion on the report of the marine securities committee, which brings the ship subsidy bill to the fore.

IRRIGATION BONDS
The convention today discussed irrigation bonds, and delegates were told by J. W. Harrison of the Anglo-London-Paris Company of San Francisco, chairman of the irrigation securities committee, that securities of this type have suffered less shrinkage in market value since the war than either corporation or municipal bonds, a stability which he thinks is due to the high interest rate which most of the issues carry, and to the fact that the income from such bonds is not subject to the Federal tax. The committee is engaged in preliminary work looking toward the redrafting of the California Irrigation District Act, known as the Wright Act, and which is intended to be the basis of legislation in many States during the next years.

Four possible methods of taxation are proposed:

- (1) Based on valuation as in California.
- (2) A fixed tax per irrigable acre as in Oregon.
- (3) An assessment of all benefits of each parcel of land as in Nevada.
- (4) An assessment based upon

(Continued on Tenth Page)

BUSINESS NEWS

Obstacles to Prosperity Being Cleared Away; Los
Angeles Presents Another Paradox

One by one the obstacles that have stood in the way of business recovery during the past few months are being cleared away. Actual gains in business, together with considerably brighter prospects for the next few months, are being reported from nearly all lines.

Evidence of the fact that consumer purchasing power is at a higher level than for some time past is found in reports of increased sales volume in retail stores. The New York Federal Reserve Bank, for instance, has reported that August sales in its district were 5.3 per cent heavier than last year, the largest month-to-month gain since 1926. An almost similar report was made by the Chicago Federal Reserve Bank for its district.

The Los Angeles gain, it will be remembered, amounted to 7.2 per cent in August. This percentage of increase was far above the general average, but was exceeded by the remarkable report of the Cleveland district where August sales were 10.8 per cent ahead of last year.

In view of the fact that retail prices are about on a par with those of last year, it is evident that the amount of goods sold has increased in about the same proportion as the money volume of sales.

The element of chief interest in the wholesale and retail is the strong tendency toward price advances in many lines and the fear that run-away markets may develop before long. In some quarters speculation has already appeared, with the result that both buyers and sellers are warning against a too rapid price advance and inflation.

The leading development of the past thirty days has been the improvement in the labor situation. The amount of voluntary unemployment has been greatly reduced and wages have shown a distinct upward tendency.

The monthly summary of the Federal Reserve Board states that manufacturing has recovered after a slight curtailment during August. Iron figures and steel mills are increasing their rate of production to satisfy the continued demand of railroads and automobile companies. Cotton mills and knit goods factories have increased their output, woolen machinery is slightly more active, and August silk consumption was the largest for any month since 1919. The continued building activity has resulted in an improved demand for lumber, cement and other building materials.

The average condition of farm crops has shown some decline, but prices, after a long downswing, have started to recover. The cotton crop has suffered severe damage from boll weevils and from drought. The estimates of the corn crop have been much reduced, but the prospects for spring wheat have improved considerably.

The banks of the nation are in a strong position and are meeting

IRISH FREE
STATE TO
SEEK LOAN

No Difficulty Expected in
Floating Issue; Britain to
Guarantee Bonds

BY PAUL WILLIAMS
(EXCLUSIVE DISPATCH)

DUBLIN, Oct. 10. — The Irish government will soon be in the market for a loan to carry it through the remaining six months of its first and probably worst year.

The Irish banks do not anticipate any difficulty in getting the money without going outside the island, especially as it is understood that Great Britain will go security for the notes until the Free State is on its feet.

The new budget of about \$183,000,000 admittedly exceeds the estimated revenue by \$44,000,000. Official statistics for 1930 show that the revenue of the twenty-six counties was \$113,000,000 and exceeded the expenditures by \$15,000,000, but the situation is not as alarming as this might indicate.

Government experts point out that \$52,800,000 of this year's budget is for extraordinary expenses which are not likely to continue. These include \$44,000,000 for compensation for property destroyed in the burning and \$7,800,000 for pensions for judges, members of the constabulary and other employees of the British government, who were succeeded by Irishmen. This total will shrink with the deaths of the beneficiaries. There is nearly another \$4,400,000 appropriated for reconstruction, local taxation, adjustment, relief grants, etc.

There has been considerable evasion of taxes during the last three years, due in some instances to intimidation by the Sinn Fein. The government intends to collect these down to the last half penny and in cases where delinquents are still government employees the tax will be deducted from their pay. One example is that of the Dublin police, who refused to pay income taxes during 1931 and 1932. This and the succeeding years' taxes are now being taken from their pay envelopes in weekly installments.

CALIFORNIA BEAN MARKET
Following are the selling prices for dried beans in Los Angeles, California, as reported by the California Bean Growers' Association:

NEW YORK, Oct. 10. — The new futures closed at net advances of 3 to 5 cents. Coffee, 10 to 15 cents; sugar, 10 to 15 cents; wheat, 10 to 15 cents; corn, 10 to 15 cents; soybeans, 10 to 15 cents; cotton, 10 to 15 cents; wool, 10 to 15 cents; hides, 10 to 15 cents; tallow, 10 to 15 cents; lard, 10 to 15 cents; butter, 10 to 15 cents; eggs, 10 to 15 cents; poultry, 10 to 15 cents; live stock, 10 to 15 cents; grain, 10 to 15 cents; oil, 10 to 15 cents; flour, 10 to 15 cents; sugar, 10 to 15 cents; coffee, 10 to 15 cents; tea, 10 to 15 cents; spices, 10 to 15 cents; fruits, 10 to 15 cents; vegetables, 10 to 15 cents; nuts, 10 to 15 cents; seeds, 10 to 15 cents; cereals, 10 to 15 cents; legumes, 10 to 15 cents; pulses, 10 to 15 cents; beans, 10 to 15 cents; lentils, 10 to 15 cents; chickpeas, 10 to 15 cents; vetches, 10 to 15 cents; lupins, 10 to 15 cents; peas, 10 to 15 cents; mung beans, 10 to 15 cents; cowpeas, 10 to 15 cents; soybeans, 10 to 15 cents; peanuts, 10 to 15 cents; sesame seeds, 10 to 15 cents; sunflower seeds, 10 to 15 cents; flax seeds, 10 to 15 cents; rapeseed, 10 to 15 cents; cottonseed, 10 to 15 cents; linseed, 10 to 15 cents; hempseed, 10 to 15 cents; castor seeds, 10 to 15 cents; tung seeds, 10 to 15 cents; jojoba seeds, 10 to 15 cents; almond seeds, 10 to 15 cents; walnut seeds, 10 to 15 cents; pecan seeds, 10 to 15 cents; cashew seeds, 10 to 15 cents; pistachio seeds, 10 to 15 cents; hazelnut seeds, 10 to 15 cents; Brazil nut seeds, 10 to 15 cents; macadamia seeds, 10 to 15 cents; coconut seeds, 10 to 15 cents; palm seeds, 10 to 15 cents; avocado seeds, 10 to 15 cents; guava seeds, 10 to 15 cents; mango seeds, 10 to 15 cents; papaya seeds, 10 to 15 cents; pineapple seeds, 10 to 15 cents; banana seeds, 10 to 15 cents; orange seeds, 10 to 15 cents; lemon seeds, 10 to 15 cents; lime seeds, 10 to 15 cents; grape seeds, 10 to 15 cents; apple seeds, 10 to 15 cents; pear seeds, 10 to 15 cents; cherry seeds, 10 to 15 cents; plum seeds, 10 to 15 cents; peach seeds, 10 to 15 cents; apricot seeds, 10 to 15 cents; nectarine seeds, 10 to 15 cents; almond, 10 to 15 cents; walnut, 10 to 15 cents; pecan, 10 to 15 cents; cashew, 10 to 15 cents; pistachio, 10 to 15 cents; To those who think Abraham Lincoln walked through life on a primrose path when he was through splitting rails, we reproduce the following facts: The Moral! Read and You Will See—

It Is Buried a Few Lines Down

As a young man he ran for the legislature only to meet with overwhelming defeat. He then entered business and met a disastrous failure, spending his earnings for the next seven years in paying off the debts of a worthless partner. He fell in love with a beautiful young woman to whom he became engaged—then she died. Trying politics again, he ran for Congress and was badly defeated.

Failure after failure—heartrending setbacks—similar perhaps to disappointments some have had in all who invested with the wrong people—and in the face of all Abraham Lincoln gained the highest place to which an American can aspire—just as, perhaps, those who invest in CALIFORNIAN can attain that which their previous investments have failed to attain.

The Fosters Have Had No Trials Such as Lincoln Had

—they have overcome no such obstacles as he overcame, and they haven't even approached the heights that Lincoln scaled, but in their profession they are not unknown—and their record is not one to be ashamed of. Here it is—in a short, quick glance.

In Fifteen Months They Have—

- Drilled and completed 22 wells.
- Raised more than \$1,300,000.00.
- Financed six syndicates.
- Gotten oil for every syndicate.
- Paid dividends on six syndicates.
- Mailed out more than 50,000 dividend checks.
- Paid ten monthly dividends on one syndicate at the average rate of 72% a year.
- Paid nine monthly dividends on another syndicate at the average rate of 65% a year.
- Paid seven monthly dividends on another syndicate at the average rate of 42% a year.
- Paid one dividend on another syndicate at the rate of 63% a year.

They Are Now—

Offering as an investment participating interests, known as units, in their seventh offering—CALIFORNIAN. Included in California are five leases—two at Signal Hill—two at Santa Fe Springs and one at Athens-on-the-Hill. The Fosters drill two wells to start with for California—and then drill additional wells out of 25% of California's net oil production. California owns 17-42nds of all the oil ever produced from its leases. To share in all of this oil there are just 4000 equal sharing units.

These Are the Salient Facts—

- Any one of CALIFORNIAN's wells producing 200 barrels of oil per day for ten years makes CALIFORNIAN a profitable investment.
- CALIFORNIAN has five leases from which to get oil. There isn't a well very near any of them making less than a thousand barrels per day.
- Two of CALIFORNIAN's leases are at Signal Hill, where 97 producers are turning out oil at the rate of \$400,000 per well per year.
- Two of CALIFORNIAN's leases are at Santa Fe Springs—home of 4000-barrel wells.
- One of her leases is at Athens-on-the-Hill, conceded by eminent geologists to be California's most great oil field.
- CALIFORNIAN is going to buy additional leases and drill additional wells out of 25 per cent of its production. Every CALIFORNIAN unitholder will share in these additional wells in exactly the same proportion as he shares in CALIFORNIAN's first producers.
- It is possible for any one of CALIFORNIAN's wells to produce 5000 barrels of oil per day.
- Practically any one of CALIFORNIAN's leases has room for half a dozen such producers.
- Five thousand barrels of settled production from CALIFORNIAN's leases means profits of more than \$7000 on each \$500 invested.
- To share in all of CALIFORNIAN's oil, from all of her leases, there are but 4000 units—all units share equally.
- The vast majority of CALIFORNIAN's units have been sold.
- The first orders that reach us will receive a few CALIFORNIAN units that remain to be sold at \$100 each.

FLASH

California Well No. 1 at Iowa and Anderson Sts., Signal Hill, spudded in at 1 a.m., Monday morning. At 1 p.m., Tuesday afternoon, California No. 1 was drilling at 575 feet. This lease as well as California's other leases, are opened for your inspection. If you find it impossible to drive out to see them yourself, and are genuinely interested, but want to see what you're buying before you buy, call Pico 4341 and we will make arrangements to take you to the field.

603-604 Pacific Finance Bldg., Los Angeles. Pico 4341

DAILY TALK ON TRADE GIVEN

(Continued from Eighth Page)

Cyrus Pearce and others went to such basic questions as rate fixing, reserves, dividends, public ownership and ratings; questions that involve the very foundation of the investment security business and which were followed by the delegates with closest interest.

Another vital issue to California, at least, is that of hydroelectricity and an illuminating review of this development was given by George R. Martin, manager of the bond department of the Security Trust and Savings Bank of Los Angeles, who traced the history and progress of this rapidly growing phase of the investment requirements of the Pacific Coast States.

Other committee reports which furnished food for limited debate and which met with the approval of the convention was that of the real estate securities committee, headed by Morris F. Fox of Milwaukee, publisher of what is known as the "Pittsburgh Courier," chairman, and government bonds, J. R. Edwards of Cincinnati, chairman.

The initial session yesterday was given over to committee reports, which revealed the affairs of the organization to be in fine condition, but of consuming interest only to those concerned with the internal affairs of the I.E.A.

The high light of the session came when Secretary Fenton's resolution was introduced by repeating that portion of the by-laws which forbids the use of the name of the association on letterhead or other advertising matter and providing instead that the board of governors shall have the power to regulate such matter and to prescribe penalties for its violation.

The resolution was adopted. Out of the business sessions continued to hold the greatest interest with "Chick" Evans upholding the honor of the I. E. A. of which the champion is a member. The women of the party are entertained with morning golf tournaments and afternoon drive and bridge, dancing is the order of the night.

CONVENTION NOTES

Combined assets of the I.E.A. delegation and the houses they represent have been placed at \$1,500,000.00. The delegates themselves are not thinking in terms of dollars, but of golf and a member's card for the purpose of this convention is rated on the basis of his score card at the eighteen-hole hole. Incidentally the nineteen-hole hole is not so much a vision of the past as to prevent reminiscent observations concerning its hospitable possibilities.

Every bond house in Los Angeles which is a member of the association, is represented at the convention.

R. H. Moulton, chairman of the Los Angeles entertainment committee, could be elected to anything just on the strength of his efforts in that regard. He looks great in puttees.

A big delegation of newspaper men is "covering" the convention. Those who don't know a niblick from Jos Bush are out of luck.

The Del Monte could not begin to accommodate the crowd and delegates are scattered all along the peninsula from Astoria to Carmel. Some of them haven't reached the convention hall yet.

Paul Shoup told the delegates that he was glad the Bohemian Club in San Francisco is scheduled for Friday night. This he suggested would probably insure a complete return to consciousness by Monday morning.

The delegates were much impressed by Los Angeles, and a large number of them will return south for a longer visit, following the convention and the San Francisco entertainment.

Financial Securities Corporation

When we buy a Trust Deed at a discount—and we can buy them at a discount of 20%—the interest we earn on that part of the money we never put on the profit side of the ledger. As these Trust Deeds are paid off in monthly installments, the security is not only getting better each month, but it means more money each month to buy more Trust Deeds with at 20% discount. The money thus earned—the 20% bonus and the interest on the bonus—is one source of clear and conservative. Our plan is clean. Other corporations are making large profits doing the same business. Los Angeles just now, and for years of investment that our activities will be limited only by the extent of our resources.

Our capital stock can now be bought at par: no telling how long it will remain at this price, though.

Send for our Booklet—It will tell you All about us—Who we are and what we are.

PARTY WILL HOLD RALLY FOR TICKET

Republican Headquarters in Angelus Hotel Open Tonight to Public

Several hundred prominent Republican leaders are expected to gather at the Angelus Hotel tonight to hear outlined the plans of the forthcoming campaign to place a solid Republican ticket in office at the November elections. The occasion of the meeting is the formal opening of the Republican State and County Central Committee headquarters. U. S. Senator Shortridge is to be the evening's principal speaker. Other prominent speakers include Ralph A. Hahn, chairman of the County Central Committee; Judge Robert M. Clark, first vice-chairman of the State Central Committee, who will preside; former U. S. Senator William C. Clegg, chairman of the State Central Committee; and former U. S. Senator Frank P. Merriam, State Assemblyman, and Eleanor Miller.

DISCOVERER IS HONORED BY KNIGHTS

Los Angeles Chapter Will be Host at Columbus Day Entertainment Tonight

Oratory and music will feature the program to be given in celebration of Columbus Day tomorrow evening at Columbus Auditorium under the auspices of Los Angeles Council No. 621, Knights of Columbus. Grand Knight Curtin will lead the gathering to order. Public Defender Aggeler, who will preside, will deliver the introductory remarks, and after an eulogy Mayor Cryer will deliver an address on "Our Duty as Citizens."

FUNERAL SERVICES FOR LEONARD BAUM TODAY

Leonard D. Baum, until recently in the automobile accessory business, died yesterday at the age of 61, at his home, 916 North El Centro street. Mr. Baum has lived in Los Angeles for the past nine years. His former home was in Newton, Iowa.

LODGE NOTICES

Clarence F. Gorman, former prime of the Los Angeles Elks lodge, died yesterday at the age of 61, at his home, 916 North El Centro street. Mr. Gorman has lived in Los Angeles for the past nine years. His former home was in Newton, Iowa.

BOAT CAPSIZES; WORKER DROWNS IN RESERVOIR

Charles Young, aged about 40 years, drowned yesterday afternoon when a rowboat capsized on Chatsworth Lake, the city reservoir between Van Nuys and San Fernando.

CEMETERIES

Forest Lawn Memorial Park, Glendale, will hold a service for the late Leonard D. Baum tomorrow at 10 a. m.

ONE LIFE NOT GOOD FOR PLOT

De Mille Finds It Takes Thousands for Play

Sum Total of All Kinds of Affairs Needed

Contacts and Reactions Are What Make Drama

BY CECIL B. DE MILLE, Producer of Paramount Pictures Bearing His Name, Director of "The Sign of the Cross."

I don't think the winners in this contest will give me their life stories. One of the strangest fallacies one finds in sorting through submitted photographs is the persistent idea that the life of an individual, excepting, of course, great historic figures, can form sufficient material for a modern film production. Just in the same way it takes thousands of life to make a modern photodrama. Breathed into the individuals of the single life is the sum total of the experiences which have happened to people of their type.

CONCLAVE APPROVES DRY LAWS

Good Templars of State Favor Enforcement of Prohibition Measures

Plans to boot the bootlegger out of business were discussed yesterday morning by 500 delegates to the sixty-third annual convention of the Grand Lodge of California, International Order of Good Templars, the first session of which was conducted at the Angelus Hotel.

Mother Takes Life, Mourning Death of Son

By a "Times" Staff Correspondent. SANTA MONICA, Oct. 10.—Dependent upon the death of her son who was killed in action in France during the World War, Mrs. Maude Hale Bundy, 7181 Langley Court, Palma, committed suicide late yesterday at her home by inhaling gas through a long rubber tube stuck in her mouth.

HOUSING ACT INDORSED BY REALTY MEN

Measure Will Stimulate Building and Cut Rents, Says Board Here

Indorsement of the State Housing Act passed unanimously by the last Legislature and signed by the Governor, and later opposed by referendum, has been made by the Los Angeles Realty Board, according to announcement by President Frank Ryan. The Housing Act will appear on the November election ballot as measure No. 5.

CITY ENGINEER WALT OF VENICE RESIGNS

By a "Times" Staff Correspondent. VENICE, Oct. 10.—City Engineer George A. Wald announced his resignation today to take effect November 1. Mr. Wald, who has been head of the engineering department of the city since last August, will go to Arizona, where he has mining interests. He will be succeeded by J. B. Griffin, brother of the City Engineer of Los Angeles.

STRICTLY DRY PARTY

Woolwine Fails to Join Democrats at Rally; Pearson Lauds Enforcement Stand

Democrats were not as puzzled, and it may have been embarrassing, at their dinner-rally at the Alexandria last night as they expected to be. For, while William J. Pearson, candidate for United States Senator and an Eighteenth Amendment enforcement advocate, was a speaker, Thomas Lee Woolwine, who is out in the wet, politically speaking, did not appear.

Supervisors in War on Glaring Auto Headlights

War has opened on motorists whose glaring headlights endanger the lives of other motorists and pedestrians.

EMPLOYEES OF CITY TO HAVE PICNIC TODAY

At least 10,000 persons are expected to attend the third annual picnic of city employees to be held tomorrow at Sycamore Grove. Great preparations have been made by those in charge to assure a pleasant and enjoyable day.

TAXPAYER TO GET BALANCE IN CASH

U. S. Collector of Internal Revenue Goodell received a ruling from Washington yesterday which provides that when a taxpayer is awarded a court judgment against the United States for overpayment of taxes, he must be paid the full amount in cash, and the Internal Revenue Department cannot withhold payment and apply it against any income, war profit or excess profits tax the taxpayer may owe the government.

C-2 LEAVES FOR HOME

Huge Dirigible Subjected to Rigid Tests Before Starting Flight of 3200 Miles to Virginia

With its motors thoroughly overhauled and every part subjected to rigid tests since its arrival on September 24, last, after a successful transatlantic flight, the Army dirigible C-2 left Ross Field, Va. at 8:40 p. m. yesterday on its return flight to Langley Field, Va.

TODAY'S BIBLE TEXT

A SUN AND SHIELD.—The Lord God is a sun and shield: the Lord will give grace and glory: no good thing will he withhold from them that walk uprightly.—Psalm lxxvii, 11.

HOUSING ACT INDORSED BY REALTY MEN

Measure Will Stimulate Building and Cut Rents, Says Board Here

Indorsement of the State Housing Act passed unanimously by the last Legislature and signed by the Governor, and later opposed by referendum, has been made by the Los Angeles Realty Board, according to announcement by President Frank Ryan. The Housing Act will appear on the November election ballot as measure No. 5.

CITY ENGINEER WALT OF VENICE RESIGNS

By a "Times" Staff Correspondent. VENICE, Oct. 10.—City Engineer George A. Wald announced his resignation today to take effect November 1. Mr. Wald, who has been head of the engineering department of the city since last August, will go to Arizona, where he has mining interests. He will be succeeded by J. B. Griffin, brother of the City Engineer of Los Angeles.

STRICTLY DRY PARTY

Woolwine Fails to Join Democrats at Rally; Pearson Lauds Enforcement Stand

Democrats were not as puzzled, and it may have been embarrassing, at their dinner-rally at the Alexandria last night as they expected to be. For, while William J. Pearson, candidate for United States Senator and an Eighteenth Amendment enforcement advocate, was a speaker, Thomas Lee Woolwine, who is out in the wet, politically speaking, did not appear.

FILM DIVORCE CASE SUBSIDES

Seena Owen Withdraws Suit Against Husband

He Files One and Charges Plain Desertion

Co-respondent Also Drops Court Action

Seena Owen, motion-picture actress, yesterday withdrew her divorce action against George Walsh, film actor.

At the same time pretty Estelle Taylor, also a film actress, withdrew her \$100,000 action against Seena Owen, which she filed as the aftermath of the charges in the wife's suit, which linked her name and Walsh's. Miss Owen paid Miss Taylor \$1. by stipulation.

And after that merry bolting of the Owen-Walsh-Taylor soup, it simmered down to a proceal desertion divorce action by Walsh against Seena Owen, without any of the sensational elements that made juicy morsels for the gossip of Hollywood.

ACTRESS ACCUSED. The whole thing erupted early last spring with the action of Seena Owen—in private life Mrs. Signe Auen Walsh—against her husband. She named Estelle Taylor as co-respondent, asserting that Walsh and she lived at the same address, and giving a definite time when both were said to have been together.

Directly after, Miss Taylor, in vigorous denial of the charges, launched her counter-suit for \$100,000 damages for her injured reputation. In the complaint, Miss Taylor alleged that Seena Owen's action was a deliberate attempt to extort \$35,000 from George Walsh.

Walsh himself filed a cross-complaint seeking divorce. These matters stood until yesterday when Wetherburn, Hoyt and Jones filed Mrs. Walsh's withdrawal, and Verge and Willson filed Miss Taylor's withdrawal.

DESERITION CHARGED. Walsh, however, has instructed his attorneys to proceed with his own action, seeking divorce on grounds of desertion only.

According to Verge and Willson, who also represent Walsh, the actor will not ask the court to deprive Mrs. Walsh of the custody of their 7-year-old daughter Patricia Gloria, but will continue to contribute \$50 a week for her support.

All restraining orders issued by the court in connection with property of Walsh and lifted through yesterday's withdrawal.

SANITY OF CLARA TO BE TESTED

Defense in Hammer Death Case Asks Jail Pass for Alienist to Visit Girl

That Bertram Herrington, defense counsel for Mrs. Clara Phillips, accused of beating Mrs. Albert Meadows to death with a hammer, intended to fight the charge of murder against the woman with a plea of insanity was indicated yesterday when he asked for a pass to the County Jail for Dr. W. B. Kern, an alienist.

It was stated that Dr. Kern intends to visit Mrs. Phillips several times in the jail. It was understood that his purpose is to observe her mental condition with a view to testifying on her behalf at the trial, which is scheduled for the 18th inst. before Judge Housley.

Chief Deputy Vercoe, before Mr. Herrington took the case, prepared a series of interrogatories to be used in the taking of depositions in Texas to substantiate the assertion that Mrs. Phillips means at times to force the charge of murder against the woman with a plea of insanity and that she was subject to "brainstorms."

Deputy Sheriff Dewar and Stensland yesterday began a search for a man who is said to have witnessed the hammer murder. Information was given Acting Chief Deputy Sheriff Wright that this man saw the murder, but because he did not care to be a witness at the trial, has remained silent.

Boat Capsizes; Worker Drowns in Reservoir

Charles Young, aged about 40 years, drowned yesterday afternoon when a rowboat capsized on Chatsworth Lake, the city reservoir between Van Nuys and San Fernando.

Young and another man, named Melrose, were rowing about the lake in a boat laden with blue rock, a chemical used for purification purposes. In some manner, the boat tipped and Melrose and Young were thrown out. Young, unable to swim, grasped Melrose in such a way that Melrose was forced to fight with the man finally thrusting him away.

Despite Melrose's effort to find him after the struggle, Young disappeared and the other man made his way to the shore.

Patrolmen Hennessey and Thompson of the Hollywood station recovered Young's body last night. The drowned man's home was at Mission Arroyo.

ELK HERD GATHERING

State Convention Opens in Santa Monica Today; More Than 10,000 Members Are Expected

By a "Times" Staff Correspondent. SANTA MONICA, Oct. 10.—With brother Elks swarming into the bay cities from almost every county in the State and imbued with the spirit of making the eighth annual reunion an event to be long remembered in lodge annals, Santa Monica Elks were today placing the finishing touches on plans for the official welcome of the State brotherhood tomorrow in its four-day convention. Coming more than 10,000 strong, every lodge in the State will be represented, some lodges having chartered special transportation for the convention.

Oakland Boys' Band, an organization fostered by the Oakland lodge of Elks. Every boy in the band is a junior Elks. The line of march, which has been arranged by John A. Morton of the State executive convention committee, and Mason N. Lison, chairman of the parade committee, will extend throughout the bay cities. Starting at Fourth street in Santa Monica it will move through the main sections of Ocean Park and Venice, disbanding at the Race Thru the Clouds, on Windward avenue and Trolleyway in Venice.

Los Angeles lodge will have its big Elk band as well as the drill team in the gala turnout. San Diego will follow with its band and its representation of 500 members. Other lodges that will have bands in the parade include Anaheim, San Pedro, Long Beach, San Bernardino, Glendale, Pasadena, and the Oakland Boys' Band to Santa Monica.

Tomorrow's sessions will be mainly devoted to registration and the reception of the visiting Elks at the local lodge and tours to special points of interest. Thursday features numerous athletic contests will be conducted.

When the parade of the Elks is held Saturday, the last day of the convention, it will be led by the

Expresses Thanks of Jackson Folk

Amador County Chamber of Commerce
Jackson, California

October 8, 1922.

The Times-Mirror Publishing Co.,
Los Angeles "Times",
Los Angeles, California.

Gentlemen:

On behalf of the widows and orphans of the Argonaut mine disaster we wish to express to yourselves, and to the good people of Los Angeles and vicinity, who have so splendidly responded to your call for aid, our sincere thanks and appreciation for the many and various contributions you have sent for our people in distress.

With all the despair and gloom that this great tragedy has brought to our community there has been brought at the same time a ray of sunshine through the darkness, for even to the saddened mothers' hearts there crept many times a relieving thought that the world had not forgotten them, and left them with their burden to carry alone. Your good work, with the splendid response from many other communities in the West, has taught them, that in their darkest hour of grief, there is still something worthy to look to and to live for. May God bless those who answered your call.

Through the columns of your paper we would like to have our message of appreciation repeated to the people of Southern California, for it is hardly possible for us to personally acknowledge each contribution.

Sincerely and gratefully yours,

AMADOR COUNTY CHAMBER OF COMMERCE

M. D. Farnham

Jackson's Acknowledgment of "Times" Argonaut Relief Fund

STORY OF RELIEF FUND

Generosity of "Times" Readers to Argonaut Widows and Orphans Acknowledged

Widows, orphans and other sufferers from the Argonaut mine disaster, in which forty-seven men were killed, have benefited to the extent of \$325.35 through the generosity of readers of The Times who, since September 15, have sent money to this newspaper for forwarding to the Amador County Chamber of Commerce on behalf of the sufferers.

The money sent to The Times, which was accepted, came in small sums. The largest single donation was that of The Times itself, which started the list with \$250; the smallest \$1, and there have been as far as 214 individuals or organizations contributing. The accompanying photograph is a copy of a letter from the Amador County Chamber of Commerce showing the gratitude with which these gifts of money have been received.

Residents of Jackson, where the Argonaut mine is located, have been informed of the many ways in which this relief fund has been raised—ways ranging from collections taken in churches to bridge teas; from checks sent by wealthy men to dollar donations made by small boys who earned the money by mowing lawns.

Up to last night the list stands as follows:

Former Congressman Randall is to be the principal speaker today at what is advertised as an "All Parties Luncheon" at the Maryland Hotel, Pasadena.

According to an announcement by Miss Mary Foy, who is sponsoring the affair, Mr. Randall will "analyze" the record of Congressman Lindeberger. Adherents of the latter have suggested to Miss Foy that in fairness to Mr. Lindeberger, some one should be present to analyze the record of Mr. Randall.

Replying to such a suggestion made by L. D. Sheppard of 5634 Pasadena avenue, Miss Foy replied that the luncheon was primarily intended for Democrats, and that no chance in the program could be undertaken. Friends of Mr. Lindeberger say they have been unable to reconcile this with the fact that the luncheon is to be for "All Parties" and that the literature refers to Mr. Randall as having been "nominated by the Prohibitionists, endorsed by the Democrats and supported by a great number of Republicans."

UNION MUST NOT BOTHER CAR LINES

Pacific Electric Gains Victory Over Trainmen by Federal Court Decree

The temporary injunction issued out of U. S. District Judge Bledsoe's court in the summer of 1918, restraining the members of the locomotive engineers' and trainmen's union from interfering with the operations of the Pacific Electric Railway, was made permanent by a decision rendered by U. S. District Judge Frank H. Rudkin of Spokane, Wash., a copy of which was received by Charles N. Williams, Clerk of the United States District Court, yesterday.

Judge Rudkin heard the case in this city some months ago, and has had the matter under consideration ever since. The suit was brought by the Pacific Electric Railway against M. E. Montgomery and other officials of the railway union, and it was upon this that the action of Judge Bledsoe was based. Some time ago, a motion was filed for the dissolution of the injunction obtained four years ago. It being declared that all excuse for the action of the court had now passed. That position was contested by the railway company, and such testimony was taken by both sides.

The present suit was brought against certain union leaders and unions and the general object of the bill was to obtain an injunction restraining the defendants from interfering with the contractual relations existing between the plaintiff and its employees. This temporary injunction was allowed, and later on approved by a higher court on appeal.

PICKPOCKET JAILED
Dian Solomon, asserted pickpocket, was sentenced to the County Jail for six months for petty larceny yesterday by Judge Shenk. Solomon was accused of larceny of \$15 from the person of G. A. L'Hommelle. By consent of the District Attorney, he was permitted to plead guilty to petty larceny.

HONORS FOR CHIEF OAKS BY OFFICERS

Men of Detective Bureau Thank Superior for His Bravery

In appreciation of the efforts made by Chief of Police Oaks to apprehend "Little Phil" Alguin, the slayer of Detective Sergeant John Fitzgerald, the entire personnel of the detective bureau sent a letter to Oaks yesterday. The Chief made two trips to border towns and, according to reports received here, risked his life in an effort to bring Alguin back to justice. The letter follows:

"We, the members of the Detective Bureau, desire to thank you and to express our grateful appreciation for your efforts in trying to effect the capture of Philip Alguin for the murder of our late brother-officer, Detective Sergeant John J. Fitzgerald.

"When a Chief of Police will go as far as you have gone on this matter in your effort to co-operate with the members of the department under you, men would seem to us a very small and inadequate way to express our feelings.

"In conclusion, we desire to assure you that you have endeavored yourself to us more than you could have done in any other way, and have taught us what co-operation and fidelity mean."

Final arrangements were completed today by the Hollywood Chamber of Commerce for the mass meeting which is to be conducted in the auditorium of the Hollywood High School on the night of the 19th inst. The meeting is for the purpose of acquainting voters of Hollywood with the various measures on the November election ballot.

It is planned to have several prominent business men and civic authorities in the city on the program. Backers of the various bond issues which are to be voted on will be asked to explain their projects.

Because of the large number of issues, already numbering over thirty, it will be impossible to take up each one, according to Carl Bush, executive secretary of the Hollywood Chamber, today, but all of the more important measures will be explained and discussed.

TRAVELERS KEEN FOR RAIL LINES' DIVORCE
CALIFORNIA ORGANIZATION IS ACTIVE IN SUPPORT OF COURT EDICT

Using every commercial traveler in the Pacific Coast to actively support the Supreme Court decision which decreed the separation of the Central Pacific from the Southern Pacific Railroad, the California division of the Commercial Travelers of America, has passed resolutions favoring the divorce of the two lines, according to an announcement yesterday of E. G. Judah, chairman of the Southern California committee of the California Producers' and Shippers' Association.

Notice of the action by the commercial travelers' organization, which is the strongest body of its kind in America, was received from Van Bernard, chairman of the executive committee of the Producers' and Shippers' Association in Sacramento.

Give Comfort Stations' Cost
The additions to the comfort stations at Pershing Square cost the city \$11,416.46, the City Council was informed yesterday by the park department.

Bullock's "ONE O'CLOCK SATURDAYS" Bullock's Specialization! Suit-Blouses, \$10.00!

KNN

Bullock's Radiophone

Wednesday, Oct. 11
2:15 to 3:00 p.m.

Mrs. Bruce Evans

Of Long Beach will give a group of Planchettes: "The Four", "Philosophy", "Ma T. H. H. H.", "My Chap at Home", "Father's Way", "That Old Sweetheart of Mine", "America for Me", "His Buttons are Marked U. S."

Mrs. Frances Neth

Director of the Girls' Corner Club and "Mother of Obedience" will speak on "Girls"

Earl B. Thompson

Associate Director of Boys' Work at the Y. M. C. A. will speak on "Boys"

—A Bullock Specialization striking a resonant chord in Value! For this emphasis on a \$10.00 price encompasses many blouses which otherwise would carry a higher price.

—Suit-Blouses which meet the dictates of a particular Fashion. Blouses which create an afternoon dress from the two-piece suit.

—In navy, brown, bobolink, beige, black, henna, gray, green

—Interpreting among other styles, the greatly in-demand Balkan blouse—trimmings which bespeak the vogue.

—Bullock's Third Floor.

Men's Sports Coats, \$4.45—Special!

—And just at the time when such sports coats are most wanted, too! —A special Value-Quality-Style presentation whose very low price on very fine garments gains for it the description, "Out of the ordinary!" —Light weight knitted sports coats; with 2 pockets and wrist straps; in brown, blue, gray heather mixtures; sizes 34 to 46. —The swaggar sort of coat which men and young men are wearing for all kinds of sports wear; for added warmth under top-coats, for comfort at home; even for office use. —All wool coats which you would think reasonable at higher prices — Wednesday—\$4.45. —The Men's Store, Bullock's First Floor.

Dress Hats in Black!

—BLACK, THE FAVORITE OF MADEMOISELLE LA MODE. BLACK—WITH ITS ILLIMITABLE POSSIBILITIES IN INTERPRETING BEAUTY, GRACE AND CHARM! HENCE, BLACK—THE APPROVED FOR THE DRESS HATS!

HATS WHICH ARE DASHING. HATS WHICH ARE VERSIONS OF THE GAINS-BOROUGH PICTURE HATS. DROOPING HATS FOR SLIM SHOULDERS. LACE-TRIMMED HATS WITH A FAINT TINGE OF OLD SPAIN COQUETRY. EACH ONE OF THEM A HAT WITH A PERSONALITY; A HAT TO EXQUISITELY COMPLETE THE DRESS COSTUME FOR WHICH IT WAS DESIGNED! —HATS WHICH FIND THEIR EMBELLISHMENTS IN FINE LACE, IN BURNT PEACOCK, IN GRACEFUL PLUMES, IN DROOPING MONKEY FUR, IN SCINTILLATING METALLICS!

—MILLINERY SECTION, BULLOCK'S THIRD FLOOR.

Wool Slip-overs, \$5.95

Perceptibly adding to the worth-while-ness, attractiveness, moderateness of Bullock's presentation of Fall Sweaters.

—The edict of Fashion that sweaters, every sort of sweater, would receive unstinted sanction this season brought a verve of satisfaction and enthusiasm from women—and many, many are those who have achieved a natty, jaunty sweater costume from Bullock's emphasized sweater presentation.

—These \$5.95 sweaters are medium weight; in striped weaves artistically trimmed with fiber and wool design around the edge; V neck and narrow belt; in buff, brown, navy, gray, henna.

—Bullock's Sweater Section—Fourth Floor.

81x90 Courtland Sheets \$1.00

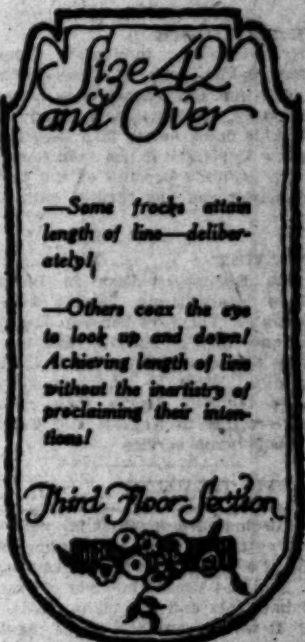

—And you'll note that this is truly a greatly reduced price for fine Courtland Sheets. An opportunity in which you will want to share extensively.

54-in. Pequot Sheetings, 40c yd.
—The fine quality of Pequot sheeting needs no elaboration; this reduced price makes even more attractive this grade of unbleached sheeting so in demand for fancy work.

66x80 Cotton Blankets, \$3.00
—And now that crisp nights are alluring to fluffy, warm-giving blankets, this low price, representing a fraction of the former mark, will appeal as an extraordinary advantage.

All-Wool Blankets \$10.00 Pr.
—In an extra heavy grade; large size, 70x80 inches; in wide range of colors in attractive plaids.

Large Crochet Spreads, \$2.25
—A heavy weight, too. A few minor imperfections are responsible for this very, very modest price. —Bullock's Bedding Section, Sixth Floor.

Sale of Radio!

—Values on fine radio equipment which are so low that they reach into the classification of "mere fractions of former prices."

—They are occasioned by the emphasis on broadcasting possibilities brought about this week by the Radio Show

—Note these unusual values:

Aeriala Jr. crystal detector receiving set, in attractive walnut finished case, with phone—\$19.75 (Note the illustration of this.)

Federal Jr. Radio Telephone Receiving set with phone—\$19.75

Aeriala Sr., a tube set operated with a B battery and dry cell; with tube and head-phones—\$19.75

Westinghouse E. C. receiving set, consisting of a single circuit tuner, detector and 2-stage amplifier mounted in beautiful mahogany cabinet—\$29.75 (tube, phone, batteries extra.)

Magnavox loud speakers furnished with 14-inch special metal horns, the reproducing unit—\$24.75

King Ampliphon loud speakers to be used with head-phones—\$9.75

14-inch Bakelite Pancha, 1 watt per square inch—\$2.25

Double slide tuning coils—\$2.25

Loose Couplers—\$1.50

Plate variable condensers—\$1.50

—Bullock's Radio Section—Fifth Floor.

POLITICS HAS VITAL TOUCH

Greater Interest in Affairs of State Urged

Speaker Says Partisanship is "Treadmill"

Ballot Amendments Debated at Club Meeting

BY MYRA NTE

Can politics compete with business in interest? This question was propounded yesterday before the Friday Morning Club at their public affairs luncheon by C. A. Dykstra, professor of political science at the University of Southern California. In his address: "Wanted a New Politics."

Above lovers and their love affairs in interest, according to Mr. Dykstra, is business, because of its romance, the prize it has to offer, its rivalry in industry, transportation and science. Although politics has to do with all these things it is nevertheless, he stated, not so interesting as modern pictures, as the 10-cent magazine or baseball.

"We wait breathlessly for Doug's new picture; crowds stand for hours to watch some one put up a figure to tell the runs and outs of a baseball game 300 miles away and crowds sit with each other to buy the popular magazines. None of these things has anything vital to do with our lives and politics touches us at every vital spot. Still we are not interested," said this teacher, who gave the reason as "the treadmill of partisanship."

In a measure disproving the statement that partisanship lessened interest, in the long program which followed interest was most manifest when partisanship struck sparks with the speakers. Ten speakers advanced either the affirmative or negative side of six measures to appear on the ballot November 7. Mrs. Edward A. Simmons presiding and speaking for the Wright bill.

MANY SPEAKERS
M. B. Silverberg spoke for measures 1 and 2, the latter the Farm and Home Purchase Act. Nathan Newby spoke in behalf of No. 24, called the regulation of the practice of law, and Woodruff Clum spoke against it. Miss Rita Kewen spoke for No. 37, which gives the State Railroad Commission exclusive power to grant, terminate or interminate franchise, and Milton Bryan spoke against it.

Mrs. Berenice A. Johnson spoke for the affirmative of No. 37, which initiative measure which, if passed, will require 15 per cent of the voters to sign a petition for any measure concerning taxes to come before the people instead of 5 per cent as at present and Mrs. Hollice Bloom Plagg upheld the negative.

Mrs. Rosamond Rae Wright spoke in behalf of the bill outlawing vivisection and Dr. Walter E. Brehm on the negative side of the act, which is No. 38 on the ballot.

Dr. Dykstra, speaking for the second time on the program, presented the plan for proportional district representation which he stated, will save the city \$20,000 at each municipal election, by abolishing the city primary election.

Diet and Health

By Lulu Hunt Peters, M.D.

Author of "Diet and Health, with Key to the Calories"

Active poisoning from chemicals such as arsenic, lead and mercury, can also cause acute inflammation of the kidneys. Cabot tells of a case of a negro who rubbed mercury ointment on her scalp to rid it of pediculosis (lice) and got a severe case of nephritis from it. Cabot does not say so, but I imagine she had some open scratches on her head for ordinary mercurial ointment rubbed on the skin is not dangerous. Beware of taking heavy doses for medicinal purposes because it highly inflames the kidneys.

Acute Bright's disease goes well or proves fatal within a few weeks. Chronic Bright's disease may last many years. The causes of chronic disease are slow poisonings from excessive alcohol or tobacco or drugs or overeating, or from infections. In both types of the disease, dropsy—water in the tissues—is one of the chief symptoms.

The dropsy of kidney disease can usually be distinguished from dropsy of kidney disease from the fact that heavy edema is not usually seen in the face and feet and kidney dropsy affects the face first. This retention of water in the system is due to the fact that the kidneys are not working well and the poisons which should be eliminated in the urine are retained by the blood. This stage is known as the uremic stage—ur, meaning urine, and emia, meaning blood, and means the products of the urine in the blood.

The salts in the diet are also retained in the system in excess and this is one of the chief causes of the retention of water. You all know how salt attracts water. It will make you think of one of the first things to do in cases of Bright's disease. That is to eliminate all salt from the diet.

In general, the first thing to do in cases of Bright's disease is to starve the kidneys as much rest from work as possible. That is done by taking nothing except water for a few days.

Next week, more on the treatment of Bright's disease. (Continued—Answers to Correspondents.)

(Copyright, 1921, George Matthews Adams.)

At the end of the program tea was served in the dining-room by the attractive students of the club.

Mrs. Milbank Johnson was hostess for the afternoon.

Federated Women's Aid

Today, beginning at 11 a. m. at the Church of the Redeemer, Thirty-sixth street and Vermont

avenue, the autumn meeting of the Federated Aid Societies of the Los Angeles Presbytery will be conducted with the predominance tone of patriotism as tomorrow will be Columbus Day. Those who will take part in the program include: Rev. Howard N. Bunce, Mrs. E. W. Spencer, Mrs. T. R. Welch, Dr. Clarence Burd, Mrs. George Lewis, Mrs. K. M. Cleaves, Mrs. B. T. Kewen, Mrs. A. B. Stafford, Mrs. Anna Bell, Mrs. W. P. Pierce, Miss Marie Brehm and Mrs. R. E. Cornell.

Common Club

"I come from the City Jail to you," was the original way in which Dr. J. Whitcomb Brougher commenced his talk before the Common Club yesterday, at the opening luncheon of the year. Speaking on "Keys and Keyholes," Mr. Brougher said:

"I have found that most of the people who write books about having found the key to success haven't found the keyhole to fit it, and so are not able to adapt their knowledge to their everyday life."

He went on to say that there are three planes of life, each equally important, the physical, mental and spiritual. "Most people," said the doctor, "when they get together, have a regular organ recital, because they have neglected the physical part of their life. They break all the laws of health, and then pray to God to keep them well."

In mentioning the mental part of each person, Dr. Brougher stated that "a good memory is a memory that remembers the good," and said that he "would rather be janitor in a sunshine factory than president of a pickle factory."

Among the many characteristics which contribute toward success he mentioned imagination, adaptability, right use of the law of suggestion and enthusiasm. "Develop all your powers," concluded Dr. Brougher, "and devote them to the good of your fellow man, and you have found the key and keyhole to success."

Contributing greatly to the pleasure of the afternoon, was Mrs. Spencer-Kelly, who sang beautifully both before the talk of the afternoon and concluding the program.

Mrs. Mabel D. Greer, president of the club, presided over the luncheon and the meeting, and gave a message of "Universal Brotherhood."

Three Arts Club

"I am interested in the progress and uplift of the ideals of a great art, the American Theater," began Leo Carrillo, noted actor, in his talk before the Three Arts Club Sunday afternoon. He continued, his voice deep with earnestness, "I am here this afternoon to plant another seed in the minds of those interested, so that it may multiply and find its way into the homes, and dispel the old feeling of suspicion and fear caused by the contamination of certain people who have dared to commercialize the theater, or who have created the wrong impression regarding its morals. I trust that we should be respected in the homes by fair-minded people just as other professions and lines of business are respected."

Mr. Carrillo, his eyes flashing and his voice full of lights and shadows, swept his audience with him, as he told of the spirit of the theater, and the new era to come for as an "off-stage" man, he still has the power that greets you from behind the footlights. It is not a "faucet" arrangement, to be turned on and off; the great fire of his art is with you at all times.

After the earnestness of his beginning, he passed on to his experiences in "acting," the character he is to play for the "Miles Angelo" of Mr. Carrillo is a flesh and blood man, created while living in the Italian quarter in New York. He told many funny little stories illustrating the peculiarities of the different races, which gave those present a colorful glimpse of his gift of characterization. In closing his talk he gave that very human poem by Edgar Guest, "I

take a heap of livin' in a place to call it home!"

At the end of the program tea was served in the dining-room by the attractive students of the club.

Mrs. Milbank Johnson was hostess for the afternoon.

Federated Women's Aid

Today, beginning at 11 a. m. at the Church of the Redeemer, Thirty-sixth street and Vermont

avenue, the autumn meeting of the Federated Aid Societies of the Los Angeles Presbytery will be conducted with the predominance tone of patriotism as tomorrow will be Columbus Day. Those who will take part in the program include: Rev. Howard N. Bunce, Mrs. E. W. Spencer, Mrs. T. R. Welch, Dr. Clarence Burd, Mrs. George Lewis, Mrs. K. M. Cleaves, Mrs. B. T. Kewen, Mrs. A. B. Stafford, Mrs. Anna Bell, Mrs. W. P. Pierce, Miss Marie Brehm and Mrs. R. E. Cornell.

POSTPONE LONG FLIGHT

Army Aviators Defer Trip Upon Advice of Weather Expert at Washington

(BY A. P. NIGHT WIRE.)

SAN DIEGO, Oct. 10.—Lieut. J. A. MacReady and Oakley Kelly, aviators, who last week broke the record for sustained flight here in the big monoplane T-3 and who had intended to start tomorrow on a nonstop flight to New York, announced tonight that they would postpone that flight as the result of unfavorable weather in the Middle West.

The reports came in telegrams from Charles Mitchell, weather forecaster at Washington, who advised the fliers that strong head winds would be encountered between Tucuman, N. M., and a point well east of St. Louis. His forecast was for a storm of probably severe intensity in an area which the aviators planned to traverse at night.

HIGHWAY ACCIDENT

Two Kern County Men Killed In Smash

(REUTERS DISPATCH.)

TAFT, Oct. 10.—Two men were killed, one perhaps fatally, at an early hour this morning, when the automobile in which they were returning to Taft on the Bakersfield-Taft highway, was sideswiped by a south-bound motor car, completely overturning the machine in which the west-side men were riding.

The injured are J. E. Janney, of Fresno, who suffered a fractured spine and crushed skull, and E. M.

Sawyer, 507 Fourth street, Taft, whose right arm was torn off, with minor bruises and lacerations to other parts of his body.

The south-bound car was driven by R. Draybeck, who, with Mrs. Draybeck, was returning to their home in Hollywood. They gave first aid to the injured men and rushed them to the Jefferson Hospital in Taft where they are receiving treatment.

HORTICULTURAL EXHIBIT
PARADISE, Oct. 10.—The Pasadena Horticultural Society decided today to have its annual fall flower show at the Hotel Raymond. The show will be on the 16th, 17th and 18th, inst.

PAVE WAY TO APPEAL BIG CASE

Attorneys for Former City Manager Plan to Fight to Bitter End

(REUTERS DISPATCH.)

ONTARIO, Oct. 10.—Judge J. W. Curtis this afternoon set October 30 as the date to hear arguments on demurrers filed today attacking legal technicalities of thirty-eight indictments recently returned by the grand jury charging F. E. Alford, former Ontario City Manager, and John E. Huling, Los Angeles business man, with defrauding the city of Ontario out of approximately \$120,000.

It was stated that in order to hear the arguments as early as the date set, it will be necessary to hold night sessions of court, and this was agreed upon.

The demurrers are said to be a step toward an appeal to the Supreme Court in the event that Alford and Huling, said to have been his confederates, in scores of swindles, are convicted in the San Bernardino County Superior Court.

"Any of the indictments on which Alford and Huling are charged with fraud, altering of public records and swindles," said Attorney Archie B. Mitchell, chief counsel for the defense, today, "contain in my opinion glaring wanderings from the criminal law procedure. We will make a fight to have the demurrers sustained."

"The Supreme Court," continued

ALL GOIN' OUT, NOTHING IN

Judge Takes Hand in Game of Totem Top Staged at Ontario

(REUTERS DISPATCH.)

ONTARIO, Oct. 10.—It was a case of "all put" this afternoon when four Ontario youths, arrested early today by Ontario officers, who surprised them at a game of "totem top," appeared before Judge George R. Holbrook in the Police Court and pleaded guilty to charges of gambling.

The arrests were made at a North Euclid-avenue establishment by Patrolmen A. S. Crossin and J. A. Clark. Those arrested were W. B. Kronan, 33; H. C. Misseldine, 30; Clyde Shamal, 31, and Jack Anderson, 22.

Mr. Mitchell, "has ruled that rights to secure a new trial because of irregularities in criminal law procedure are waived unless they are protested at the proper time. We will appeal the case to the Supreme Court, providing of course, we have sufficient grounds. We have not showed our hand, however," continued the attorney, "and the defense will startle the jury just as often as the prosecution does."

READY FOR FLIGHT

Army Fliers Make Second Trial at Crossing Continent

(REUTERS DISPATCH.)

SAN DIEGO, Oct. 10.—Weather conditions east of the Rockies being favorable, Lieutenants Oakley Kelly and John MacReady will take off tomorrow morning at 1:30 o'clock on their second attempt to reach the Atlantic Coast on a non-stop flight. The aviators are waiting for an official report from the Washington Weather Bureau and expect to know definitely tonight whether or not the flight will be in their favor tomorrow.

The Army transport T-3, which established a world's record for sustained flight last September, will be in their favor tomorrow. The T-3's tanks will be filled to capacity with gasoline. On the flight last week only six gallons of gasoline remained in the tanks when the plane came down. More than 150 gallons will be taken on board for the scheduled trip tomorrow, as compared to 690 gallons carried last week.

ARRANGE TO CARE FOR FAIR VISITORS

(REUTERS DISPATCH.)

POMONA, Oct. 10.—In order to take care of the large number of out-of-town visitors who will throng the city during the week of the Los Angeles County Fair, October 17 to 21, the fair committee is registering all spare rooms in local hotels, apartments and private residences.

The latter are being especially selected in case all hotels are filled. In the meantime work is going on day and night putting on the finishing touches to the grounds, tents and buildings, while it is reported that the half-mile track for the horse and chariot races is being put into splendid shape and some fast time is expected to be made.

ELECTION ARGUMENT ENDS IN DIVORCE

(REUTERS DISPATCH.)

ONTARIO, Oct. 10.—Mrs. Hattie B. Shirley was today granted a decree of divorce from Norman B. Shirley, well-known Ontario rancher, after she recited in court how she became angry with her husband when she refused to vote as he did on the question of "blue Sunday" laws in Ontario some months ago.

Mrs. Shirley was represented in her action by Attorney Archie B. Mitchell.

SUFFERED PANGS OF CONSCIENCE

Burglar Returns Property to Home of Upland Victim

(REUTERS DISPATCH.)

UPLAND, Oct. 10.—A burglar with a conscience is the latest in Upland. Several weeks ago, the residence of Erle Dahlin, in Baker avenue, was entered during the absence of the family. A search on the part of the owner resulted in the discovery that a gold watch and a bunch of keys had made up the sum total of the loot.

Today Mr. Dahlin returned home after a temporary absence to find that his house had again been entered, but instead of taking anything on this occasion, the thief had returned the watch and keys, which were found carefully placed in a trunk. Aside from the fact that the burglar had made some deep scratches on the case of the watch during his several weeks possession of it, the articles were in the same condition as before the burglary.

Entrance in each case was gained by cutting a window screen.

BUILD CLUBHOUSE

Pomona Organization To Provide Recreation Center

(REUTERS DISPATCH.)

POMONA, Oct. 10.—Bids for the construction of the new Mountain Meadows clubhouse will be opened Wednesday at a meeting of the building committee. This was announced today by A. C. Abbott, president of the club. With a membership of 214 the club plans to stage a drive for additional members after the close of the Los Angeles County Fair.

The club has an eighteen-hole golf course mapped but is only using nine holes at the present time until water is developed on the property so as to enable additional greens to be put in. The organization owns 264 acres of land near Ganesha Park and the clubhouse will be built on top of the hill affording a beautiful view of the valley and giving a full view of sixteen out of the eighteen holes of the golf course.

DIVIDED OPINION

Residents of Placenta Disagree on Incorporation

(REUTERS DISPATCH.)

SANTA ANA, Oct. 10.—Efforts to incorporate the city of Placenta, being made by a number of boosters there, was held up here today, when the matter was delayed a fortnight by the Board of Supervisors. Those opposed to incorporating the town also appeared today, and both factions were advised to prepare new petitions for presentation at a later meeting. The cost of election would be about \$500 and the Supervisors stated they did not care to incur the expense unless assured a majority of the residents would favor incorporation. A three-year favor to incorporate Garden Grove was recently closed when a municipality plan was turned down by the voters.

FISHING CRAFT BURNS

(REUTERS DISPATCH.)

SAN DIEGO, Oct. 10.—The fishing vessel Asahi was burned to the water's edge at Turtle Bay on October 3, according to word received here today. The craft, owned by Tracy Elliott of this city, was fully covered by insurance.

Elliott, the only man on board at the time, was forced to swim ashore. He was fishing for the Van Camp Sea Food Company, of Los Angeles.

Yesterday

49 in 50 suffered tooth troubles. Dingy teeth were almost universal

This was the situation which has existed for years. Tooth troubles were constantly increasing, despite all care. Very few escaped them. Beautiful teeth were seen less often than today.

The reason lay in film on teeth—the cause of most tooth troubles. No ordinary tooth paste can effectively combat it. So the tooth brush left much film intact, to night and day threaten serious damage.

How film ruins teeth

Film is that viscous coat you feel. It clings to teeth, gets between the teeth and stays. Food stains, etc., discolor it. Then it forms dingy coats. Tartar is based on film.

Film also holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Thus the beauty of teeth and the health of teeth were constantly attacked by that film.

New combatants found

Dental science then made a search for effective film combatants. Eventually two ways were found. One acts to curdle film, one to remove it, and without any harmful scouring.

Many careful tests proved these methods efficient. Authorities endorsed them. Then leading dentists everywhere began to urge their use.

A new-type tooth paste was created, based on modern research. In five great ways it brought effects which old ways did not bring. Then these two film combatants were embodied in it. The name of that tooth paste is Pepsodent.

Pepsodent

REG. U.S.

The New-Day Dentifrice

A new-type tooth paste, made to secure five new effects, based on modern research. Now advised by leading dentists the world over. All druggists supply the large tubes.

Today

Pretty teeth are seen everywhere. Millions are fighting film

Now millions of people have adopted this new cleaning method. The results are seen everywhere. Look about you at the glistening teeth.

So it is almost the world over. Careful people in some fifty nations have discarded old ways for the new. And largely by dental advice.

Other new effects

Pepsodent also brings other effects which were proved essential. It multiplies the strength of the saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids. It multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay.

It was found that old tooth paste, based on soap and chalk, brought just opposite effects. That was the reason why they proved so ineffective.

Pepsodent polishes the teeth so film has no chance to adhere.

Pepsodent, with every use, multiplies these natural tooth-protecting agents. Then these three new effects combine to give you a constant fight against tooth decay.

Watch the new results

If you don't know these benefits, we urge you to make this test. Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Note the absence of the viscous film. See how much brighter the film-coats disappear.

That test will be a revelation to you. The results will amaze and delight. Then you will know that you can protect the teeth in better ways than ever. Cut out the coupon so you won't forget.

10-Day Tube Free
